In Stock Zerust® Products

Zerust® understands the importance of a quick turnaround and providing our customers with the products that they need, and when they need them. That's why, Zerust® has an inventory of 170+ corrosion inhibiting products in stock and ready for shipment. **It's simple, fast, and easy!**

See  next to a part number? Then it's in stock and ready to be shipped immediately from one of our two centrally located warehouses in Circle Pines, MN and Fort Wayne, IN. Our Circle Pines warehouse primarily stocks our rust preventative coatings, rust removers, powder additives and VCI emitters and diffusers. Our Fort Wayne warehouse stocks our VCI packaging products, including VCI film, bags, sheeting and VCI paper products.

Minimal storage space at your warehouse? We can help!

Blanket orders are available that allow for your product to be stocked at our centrally located warehouse, with multiple scheduled delivery dates over a period of time, to take advantage of our quantity pricing.

1-800-328-2433

Custom Zerust® Products

Don't see the specific product you need? No problem, Zerust® offers a wide range of custom products. Simply provide details of your project to your dedicated Zerust® Customer Service Representative or contact us at 763-225-6600 or NTICsales@ntic.com and we'll have your custom quote within 2 business days from the time of your request.

Concerned that custom products will raise your cost?

Ordering custom products from Zerust® typically provides an opportunity for our customers to save on costs, as custom runs typically have minimum order quantities, compared to no minimum on orders from our in stock inventory.

Want to avoid large run orders due to minimum space at your warehouse? We can help!

Blanket orders are available on custom orders that allow for your product to be stocked at our centrally located warehouse, with multiple scheduled delivery dates over a period of time, to take advantage of our quantity pricing.

Minimal storage space?
We can help!

AT YOUR FACILITY

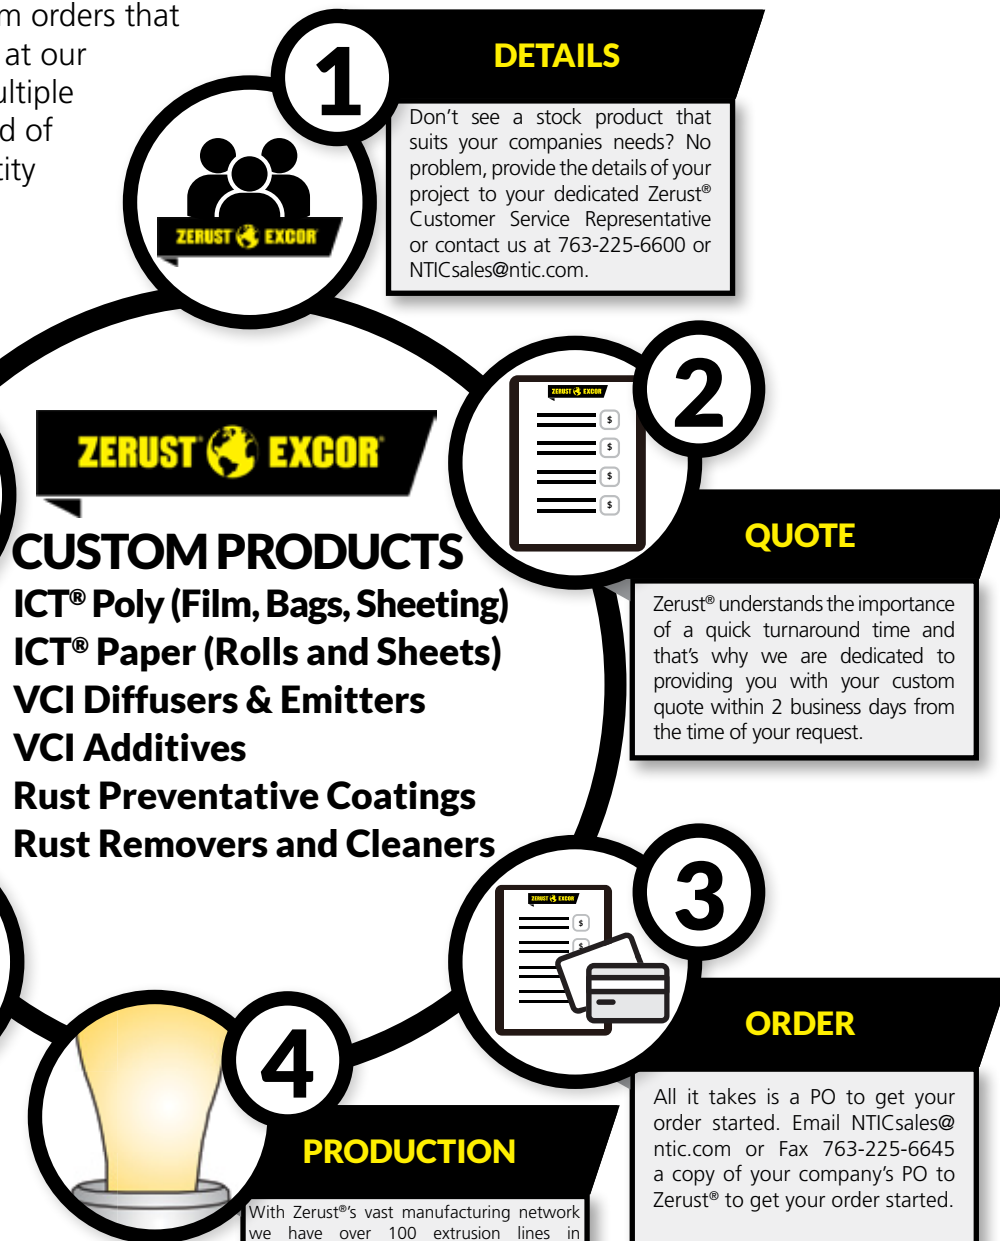

Have minimal storage space at your facility? Zerust® offers blanket orders that allow you to stock your VCI products at one of our centrally located warehouses and receive multiple delivery dates over a period of time.

SHIPPING

After your order is approved by our Quality Control department, Zerust® will ship your order directly from production to your warehouse.

NTIC operates a quality management system which complies with the requirements of ISO9001:2015 for the design and manufacture of corrosion inhibiting and protective packaging systems.

Zerust® ICT®520-HS 3.2 Mil High-Strength Sheeting (Non-printed)

Zerust®/Excor® ICT®520-HS High-Strength VCI Film and Sheeting is a special, lightweight and durable VCI film that provides robust and powerful corrosion protection as well as physical protection from the environment. ICT®520-HS VCI film is less likely to puncture or tear compared with traditional polyethylene film, so it's especially suited for applications that have demanding corrosion protection requirements. Use to protect export shipments, and items that are heavy or with rough edges.

Part Number	W x L	Weight/Roll
 325-M-00032	8' x 200'	58 lbs

Zerust® ICT® VCI Film and Sheeting

Zerust® ICT®510-SM VCI Stretch Film (Non-printed)

Zerust®/Excor® ICT®510-SM VCI Stretch Film is a high-quality cast film packaging product that protect metals from corrosion. The film's high-stretch tension enables it to form to irregularly shaped objects. Its superior elastic stretch memory assures load stability in transit and tear resistance. It maintains a tight wrap even with some abrasion and random cuts. Use Zerust® VCI Stretch Film to wrap pallet loads, bundles, large items, or irregularly shaped metal items such as gears or entire machines. Smaller rolls are also available for hand-stretch applications.

Zerust® ICT®510-SRK Shrink VCI Film (Non-printed)

Zerust®/Excor® ICT®510-SRK Shrink VCI Film is a polyethylene shrink film impregnated with ICT® Vapor Corrosion Inhibitors that provide superior corrosion protection to parts and components within the automotive, electrical, machinery, mechanical and military industries. When this film is subjected to heat, it shrinks tightly around the item it is encasing, providing a contoured fit and VCI protection. Zerust® ICT®510-SRK Film is available in ferrous, non-ferrous, and multimetal corrosion protection formulations.

[Click Here for ICT®510-SRK Shrink Film Infosheet](#)

100-F-00004	48" x 500'	4	38 lbs	Indoor, ferrous, yellow
100-F-00084	20' X 100'	6	58 lbs	Indoor, ferrous, yellow

Zerust® ICT®510-OPS Outdoor Preservation VCI Shrink Film (Non-printed)

Zerust®/Excor® ICT®510-OPS Outdoor Preservation VCI Shrink Film is a premium 8-mil, high strength shrink film with UV stabilizers for 3 years outdoor protection. The film shrinks and conforms to objects when heated to repel moisture and contaminants. This specially designed VCI shrink film is ideal for lay-up and mothballing of equipment, vehicles and outdoor storage of components, as the Zerust® VCI saturates the interior of the packaging to protect hard-to-reach spaces and voids from corrosion.

Zerust® ICT® VCI Film and Sheeting

Zerust® ICT®570 Closed-Cell VCI Foam Sheeting (Non-printed)

Zerust®/Excor® ICT®570 Closed-Cell VCI Foam Sheeting is a lightweight and resilient packaging material that prevents rust using proven Zerust® Vapor Corrosion Inhibitors. Use Zerust® ICT®570-CC VCI Foam Sheeting to protect products and parts in shipping, as it conforms to most shapes without adding extra weight, helping to reduce the risk of damage in transit.

Part Number	W x L	Thickness	Weight/Roll	Type
 575-F-00004	72" x 550'	1/8"	58 lbs	Ferrous, yellow

Zerust® ICT®520-SRA VCI Plastic Scrim (Non-printed)

Zerust®/Excor® ICT®520-SRA VCI Plastic Scrim is a durable polyethylene fabric, that consist of woven strands for strength and tear resistance, as well as Zerust® VCI protection. Use ICT®520-SRA VCI Scrim to provide corrosion protection when stacking parts, transporting multiple parts together or as a liner in shelving units. It's also ideal for wrapping and protecting large, heavy objects such as steel coils, lathes and molds.

Part Number	W x L	Weight/Roll	Type
 600-F-00004	48" x 200 Yards	60 lbs	Ferrous, yellow

What is VCI?

VCI is an abbreviation for Vapor Corrosion Inhibitor or Volatile Corrosion Inhibitor. VCIs are molecules that inhibit corrosion by forming a thin, protective layer on a metal surface within an enclosed space. This invisible layer prevents moisture and environmental elements from reacting with the metal surface and causing corrosion. The molecules dissipate when the enclosure is opened and do not need to be removed.

“In effect, the Zerust® VCI corrosion protection applies and removes itself.”

Zerust® ICT® VCI Kraft Paper

Zerust® ICT®420 Multimetal VCI Kraft Paper (Printed w/ Zerust® Trademark)

Use Zerust®/Excor® ICT®420 VCI Kraft Paper to wrap and protect metals in shipment or storage. The paper is fully saturated and is ideal for interleaving applications. Available in stock 30#, 35#, 40# and 60# rolls, 35# pre-cut sheets and additional sizes and weights between 30# and 170# available upon request.

Part Number	W x L	Paper Weight	Weight
 310-M-00024	36" x 200 Yards	30#	22 lbs/roll
 310-M-00073	48" x 200 Yards	30#	28 lbs/roll
 300-M-00005	36" x 200 Yards	35#	25 lbs/roll
 300-M-00006	48" x 200 Yards	35#	32 lbs/roll
 300-M-00032	12" x 12" Sheets (2,000 sheets/case)	35#	25 lbs/case
 305-M-00020	36" x 200 Yards	40#	28 lbs/roll
 305-M-00021	48" x 200 Yards	40#	37 lbs/roll
 313-M-00024	36" x 200 Yards	60#	41 lbs/roll
 313-M-00020	48" x 200 Yards	60#	54 lbs/roll

All paper exceeds 3Ab Mil-PRF-3420 performance requirements

Benefits

Effective corrosion protection and packaging combined in one step

Metals are ready for use and assembly directly out of the packaging

Provides safe and effective Zerust® VCI protection.

Fully recyclable and made from responsibly managed forestry products

Zerust® ICT®420-35P 35# Ferrous VCI Poly Kraft Paper (Printed w/ Zerust® Trademark)

Zerust®/Excor® ICT®420-35P is a kraft packaging paper coated with a polyethylene layer containing Zerust® Vapor Corrosion Inhibitors (VCIs). Zerust® VCI Poly Kraft Paper provides powerful corrosion protection to ferrous metals such as iron, cast iron and steel. Available upon request in cut sheets. Place the poly side toward the metal surface for ferrous VCI corrosion protection.

Part Number	W x L	Paper Weight	Mil	Weight
 300-F-00024	24" x 200 Yards	35#	1	44 lbs/roll(2 rolls/box)
 300-F-00002	36" x 200 Yards	35#	1	35 lbs/case

Zerust® ICT® VCI Kraft Paper

Zerust® ICT®430-35PCR Multimetal Poly Coated Reinforced VCI Paper (Printed w/ Zerust® Trademark)

Zerust®/Excor® ICT®430-35PCR VCI Paper is a high-quality 35# kraft paper that is saturated on one side with proven Zerust® corrosion inhibitors and laminated with a 3/4 mil polyethylene layer and fiberglass scrim on the back side to provide superior strength. ICT®430-35PCR protects ferrous, non-ferrous, and multimetal parts.

Part Number	W x L	Paper Weight	Mil	Weight
 300-M-00312	48" x 200 Yards	35#	3/4	48 lbs/roll
 300-M-00319	24" x 200 Yards	35#	3/4	48 lbs/box ^(2 rolls/box)

Zerust® ICT®432-35P Multimetal Poly VCI Kraft Paper (Printed w/ Zerust® Trademark)

Zerust® ICT®432-35P is a kraft packaging paper containing Zerust® Vapor Corrosion Inhibitors and coated with a 3/4 mil plain polyethylene layer. The plain polyethylene coating provides the kraft paper with increased tear and moisture resistance. Place the paper side toward the metal surface for ferrous, non-ferrous, and multimetal VCI corrosion protection.

Part Number	W x L	Paper Weight	Mil	Weight
 300-M-00356	24" x 200 Yards	35#	3/4	38 lbs/box ^(2 rolls/box)

Zerust® Rust Preventative Greases

Zerust® offers a full line of corrosion inhibitor liquids that complement our VCI packaging solutions. Zerust® rust preventatives and coatings range from aqueous-based solutions to dry to touch oils to thick greases.

Zerust® Axxanol™ Spray-G Multimetal Grease Rust Preventative

Zerust®/Excor® Axxanol™ Spray-G provides the protection of a grease in the convenience of a sprayable form. It outperforms many other rust preventative coatings, while being easier to apply and remove, saving time and costs associated with corrosion control. The product has an oily grease consistency and provides advanced corrosion protection for parts and equipment for up to 1 year outdoors and 2 years indoors.

Part Number	Product	Type	Quantity
 350-M-00023AC	Axxanol™ Spray-G	Aerosol sprayable grease	12 oz (12 cans/case)

Benefits

- Superior corrosion protection
- Long-term protection
- Multipurpose lubricant grease
- Safe and non-hazardous disposal
- Easy to apply and remove

Zerust® Axxanol™ Z-Maxx Series Multimetal Grease Rust Preventatives

Zerust®/Excor® Axxanol™ Z-Maxx Series are anti corrosion greases ideal for protecting bare-metal parts and components of machinery and equipment in extreme weather and salt-air conditions. Z-Maxx Series can be used for protecting parts during operation or long-term storage for up to 1 year outdoors and 3 years indoors.

Part Number	Product	Type	Quantity
 360-M-00001PL	Axxanol™ Z-Maxx	Thick grease	5 gal

Zerust® Oil-Based Rust Preventatives

Zerust® Axxanol™ 33 Multimetal Rust Preventative Oil

Zerust®/Excor® Axxanol™ 33 is an oil-based corrosion preventive coating that is widely used as a replacement for standard oil in dipping applications. Axxanol™ 33 is a rust preventative for ferrous and some non-ferrous metals including aluminum, zinc, and copper for up to 12 months under shelter.

Part Number	Product	Type	Quantity
 350-M-00003PL	Axxanol™ 33	Thin oil	5 gal
 350-M-00003DR	Axxanol™ 33	Thin oil	55 gal

Zerust® Axxanol™ 750 Multimetal Rust Preventative Oil

Zerust®/Excor® Axxanol™ 750 rust preventative oil offers sprayable protection with Vapor Corrosion Inhibitors (VCIs) for metals shipped or stored in enclosed packaging. It provides robust corrosion protection to metal surfaces as well as in hard-to-reach voids, crevices, and chambers for years when packaged or hermetically sealed.

Part Number	Product	Type	Quantity
 350-M-00019PL	Axxanol™ 750	VCI oil	5 gal
 350-M-00019DR	Axxanol™ 750	VCI oil	55 gal

Zerust® Axxanol™ 750-NV Multimetal Rust Preventative Oil

Zerust®/Excor® Axxanol™ 750-NV rust preventative oil provides robust corrosion protection to metal surfaces in an easy-to-use oil-based corrosion preventative coating. It offers corrosion protection for multimetals for up to 2 years indoors.

Part Number	Product	Type	Quantity
350-M-00033PL	Axxanol™ 750-NV	Clean thin oil	5 gal
350-M-00033DR	Axxanol™ 750-NV	Clean thin oil	55 gal

Zerust® Axxanol™ 46-Bio Multimetal Bio-Based Rust Preventative Oil

Zerust®/Excor® Axxanol™ 46-Bio is a bio-based, sprayable corrosion inhibitor preservative in the form of a light lubricant oil. It offers corrosion protection on exposed surfaces as well as in crevices and recesses for iron, steel, aluminum and related alloys for up to 1 year indoors.

Part Number	Product	Type	Quantity
 350-M-00011GL	Axxanol™ 46-Bio	Bio based oil	1 gal (4 bottles/case)
 350-M-00011PL	Axxanol™ 46-Bio	Bio based oil	5 gal

Zerust® Solvent-Based Rust Preventatives

Zerust® Axxanol™ 33CD Multimetal Rust Preventative Oil

Zerust®/Excor® Axxanol™ 33CD is a solvent-based rust preventive coating that dries to the touch; eliminating oily surfaces that can attract dust and contaminants. This coating protects up to 6 months under shelter or can be used with Zerust® VCI packaging for long-term protection.

Part Number	Product	Type	Quantity
 350-M-00010PL	Axxanol™ 33CD	Dry-to-touch oil	5 gal
 350-M-00010DR	Axxanol™ 33CD	Dry-to-touch oil	55 gal

Zerust® Rust Removers

Zerust® Axxaclean™ industrial rust and tarnish removers are powerful solutions for the rework and recovery of metal assets. Zerust® offers a range of technologies, from pH neutral products to more aggressive products that also inhibit flash corrosion on cleaned surfaces.

Zerust® AxxaClean™ 2048 Rust Remover Series

AxxaClean™ 2048 is a fast-acting and non-hazardous rust and tarnish remover. It rapidly removes light to medium corrosion even in cracks and crevices. Cleaned surfaces are free of black-carbon residue and resistant to flash-corrosion. AxxaClean™ 2048 comes in multiple delivery forms; Immersion, Spray-On, and Brush-On.

Part Number	Product	Type	Quantity
350-M-00014PT	AxxaClean™ 2048	Spray-On	16 oz (12 bottles/case)

350-F-00002GL	AxxaClean™ ICT®620-RR	Immersion	1 gal (4 bottles/case)
350-F-00002PL	AxxaClean™ ICT®620-RR	Immersion	5 gal
350-F-00002DR	AxxaClean™ ICT®620-RR	Immersion	55 gal

[Click Here for AxxaClean™ 2048 Series Infosheet](#)

Benefits

Safely removes rust

Cleaned metals are ready to be painted or welded

Compatible with most metals, painted surfaces, rubber and elastomers

No VOC's, CFC's, silicones or heavy metals

Zerust® Cleaners and Additives

Zerust® AxxaWash™ NW-10C Cleaner

Zerust®/Excor® AxxaWash™ NW-10C is a metalworking wash and rinse fluid that cleans and deactivates sources of corrosion such as chlorides, oils and contaminants. Cleaning with the wash solution enhances the effectiveness of future corrosion prevention methods.

Part Number	Product	Type	Quantity
 350-W-00001PL	AxxaWash™ NW-10C	Concentrate	5 gal
 350-W-00001DR	AxxaWash™ NW-10C	Concentrate	55 gal

Zerust® AxxaWash™ NW-12C Cleaner

Zerust®/Excor® AxxaWash™ NW-12C is a highly effective metalworking wash and rinse fluid that inhibits flash corrosion on treated metal surface. The wash removes oily contaminants and deactivates corrosion inducing inorganic anions to provide robust post-wash flash corrosion inhibition for up to 72 hours.

Part Number	Product	Type	Quantity
350-W-00002PL	AxxaWash™ NW-12C	Concentrate	5 gal
350-W-00002DR	AxxaWash™ NW-12C	Concentrate	55 gal

Zerust® Axxavis™ HST-10 Powder Additive

Zerust®/Excor® AxxaVis™ HST-10 powder additive deactivates ionic contaminants found in municipal water sources that cause rust and hard water deposits on metals. AxxaVis™ HST-10 is a highly effective way to protect the interior surfaces of pressure vessels from corrosion that can rapidly form during and after hydrostatic-testing.

Part Number	Product	Type	Quantity
 460-M-00002CA	AxxaVis™ HST-10	Hydrostatic Test Additive	25 lbs.
 460-M-00002SU	AxxaVis™ HST-10	Hydrostatic Test Additive	1200 lbs.

Zerust® Axxavis™ PX Powder Additive Series

Zerust®/Excor® AxxaVis™ PX Powder Additive Series provides powder additives capable of neutralizing acids left by cleaning processes and conditioning hard water when deionized water is not available for metalworking applications.

Part Number	Product	Type	Quantity
 460-F-00005	AxxaVis™ PX-05-AN	Acid Neutralizer	25 lbs.
 460-M-00001	AxxaVis™ PX-10-HRD	Hard Water Conditioner	25 lbs.

Complementary Products

Zerust® VCI Packaging
 Axxatec™ Water-Based RPs
 Axxanol™ Oil-Based RPs
 AxxaVis™ Additives
 AxxaClean™ Cleaners

Safety

Product in unopened original container prior to use does not meet criteria for hazardous waste according to 40 CFR 261 (no components listed on F, K, P or U lists; not ignitable, not corrosive, not reactive and not toxic).

Zerust® ICT® VCI Diffusers & Emitters

Zerust® Vapor Capsules

Zerust®/Excor® Vapor Capsules are portable capsules that diffuse patented Zerust® VCI technology. Use to protect metals in hard to reach areas of control panels, electrical cabinets and other enclosed spaces, even when they are in operation. Or use as a supplement to other Zerust® VCI packaging products for added protection.

Part Number	Model	Units/Case	Weight/Case
 375-M-00006	VC1-1(S)	50	.60 lbs
 375-M-00001	VC1-1	50	.70 lbs
 375-M-00002	VC2-1	25	1.2 lbs
 375-M-00003	VC2-2	10	.75 lbs
 375-M-00004	VC6-1	4	2.2 lbs
 375-M-00005	VC6-2	4	3 lbs

[Click Here for Vapor Capsules Infosheet](#)

Zerust® Vapor Capsule ZAK-M22

Zerust®/Excor® Vapor Capsule ZAK-M22 diffusers emit fast-acting Vapor Corrosion Inhibitors (VCI) that are effective at neutralizing contaminants. Use to protect electronics, electrical components and inside enclosures such as musical instrument cases and gun cases. Each capsule has a unique serial number and QR code printed on the label. This feature used along with the Zerust® ZAP App allows the user to be notified of the initial installation location and replacement schedule. Scan the QR code for more information about ZAP App.

Part Number	Model	Units/Case	Weight/Case
 375-M-00202	ZAK-M22	10	1.3 lbs

Zerust® ICT® Pipe Strips

Zerust®/Excor® Pipe Strips are a residue-free, long-term corrosion protection system for the interior surfaces of ferrous and non-ferrous pipes during shipment, storage or work-in-progress. Zerust® Pipe Strips are Zerust® Vapor Capsules assembled on long plastic strips that can be made to any length.

Part Number	Model	Description	Units/Case	Weight/Case
 525-M-00001	PS2-10	40' strip with 10 Capsules	1 strip	.55 lbs
 525-M-00002	PS2-16	40' strip with 16 Capsules	1 strip	.80 lbs

[Click Here for Pipe Strips Infosheet](#)

Zerust® ICT® Open Cell VCI Foam Pads

Zerust®/Excor® ICT® Open Cell VCI Foam Pads are a convenient way to provide added corrosion protection in packaging. The foam pads are pre-cut, flexible and easy to insert into small spaces. They diffuse Zerust® Vapor Corrosion Inhibitors (VCIs) to protect ferrous metals from corrosion, as well as multimetals.

Part Number	Dimensions	Units/Case	Weight/Case
 375-F-00007	2" x 5" x 1/4"	1000	8 lbs
 375-F-00008	2" x 5" x 1/4"	100	.60 lbs

[Click Here for Open Cell Foam Pads Infosheet](#)

Zerust® ICT® VCI Diffusers & Emitters

Zerust® ICT® Plastabs®

Zerust®/Excor® ICT® Plastabs protect interior surfaces of your shipment by diffusing Zerust® VCI. They are easy to use, safe for electronics and come in many different sizes designed for small spaces.

Part Number	Dimensions	Units/Case	Weight/Case
 425-M-00001	1" x 1"	1000	1.75 lbs
 425-M-00002	0.75" x 0.75"	1000	1 lbs
 425-M-00003	0.50" x 0.50"	1000	.50 lbs
 425-M-00004	0.75" x 0.75" w/adhesive	1000	1.1 lbs
 425-M-00010	1" x 3" debossed	1000	5.7 lbs

Zerust® ICT® Tube Strip and Tube Strip Pro

Zerust®/Excor® ICT® Tube Strip and Tube Strip Pro help reduce repair and maintenance costs by preventing corrosion within tubes, pipes and gun barrels. Tube Strips are a flexible plastic product that diffuses Zerust® Vapor Corrosion Inhibitors (VCIs). It can be cut to any length and fits into narrow tubes and pipes and other enclosed spaces.

Part Number	Model	Size	Units/Case	Weight/Case
 475-F-00001	Tube Strip	1,000 ft	1 roll	12 lbs
475-M-00003	Tube Strip Pro 20	1,000 ft	1 roll	10 lbs

Zerust® ICT® Cor Tab® VCI Tablets

Zerust®/Excor® ICT® Cor Tab® VCI Tablets contain patented Zerust® ICT® corrosion inhibiting technology to provide targeted corrosion protection to ferrous and non-ferrous metal items.

Part Number	Model/Size	Tabs/Bottle	Weight
 450-M-00001	CT-25 (.25 gm)	600	4 lbs
 450-M-00002	CT-50 (.50 gm)	300	4 lbs
 450-M-00003	CT-10 (1 gm)	150	4 lbs

Zerust® ActivDri™ Capsule

Zerust®/Excor® ActivDri™ Capsule protects ferrous and aluminum metals in enclosed spaces. It utilizes VCI to prevent corrosion and silica-gel desiccant to combat humidity that affects metals and electronics.

Part Number	Model	Units/Case	Weight/Case
375-F-00003	ActivDri™ FAD12-1 (VCI Plus desiccant)	10	23 lbs

Zerust® Z-PAK® VCI Packets

Zerust® Z-PAK® VCI diffuser packets emit a specially formulated VCI chemistry that quickly saturates and lands on metal surfaces located in the enclosure/packaging with the Z-PAK®.

Part Number	Model	Units/Case	Weight/Case
 375-F-00100	Z-PAK®-01	1000	7 lbs

Zerust® Activ® VCI Diffusers & Emitters

Zerust® ActivPak® VCI Pouches

Zerust®/Excor® ActivPak® VCI Pouches offer powerful and fast-acting corrosion protection for challenging applications such as overseas shipping and in polluted factories. Its robust formula protects against acid gases and contaminants. Use to protect metals during operation, storage and in aggressive manufacturing and shipping environments.

Part Number	Model	Units/Case	Weight/Case
 375-M-00100	ActivPak®-35	10	2 lbs
 375-M-00101	ActivPak®-35	50	9 lbs

Zerust® ActivPowder™ Series

Zerust®/Excor® ActivPowder™ Series offers VCI powders designed to protect metal surfaces in large voids from corrosion. The VCI protection, combined with a self-fogging Flash Corrosion Inhibitor (FCI™) technology, specialized to protect metals in enclosed spaces for short to long-term storage.

Part Number	Model	Packaging
460-F-00016	ActivPowder™ (LS)-10F	30 lbs/Box
460-F-00004	ActivPowder™ 10F	30 lbs/Pail

Zerust® Flange Covers, Tapes and Accessories

Zerust® ICT® Flange Saver® - 150 PSI, Clear, Transparent

Zerust®/Excor® ICT® Flange saver® offers a inexpensive, simple and rugged & transparent UV-resistant film cover designed for severe outdoor exposure. Transparent film allows for visual monitoring of corrosion and/or leaks inside the Flange Saver. Sized to fit standard flanges; custom sizes may be special ordered.

Part Number	Model	Units/Case
880-F-00001	2"	20
880-F-00003	4"	20

Zerust® OPS Preservation Tape

Zerust®/Excor® OPS Preservation Tape is designed to be used with ICT®510-OPS Outdoor Preservation Shrink Film to provide advanced protection to metals. This specially designed Zerust® Preservation Tape is ideal for sealing and reinforcing seams, heat sealed or not. This self-wound tape exhibits good shear properties under moderate loads, has a wide service temperature range, and excellent UV resistance, providing up to 2 years of outdoor protection.

Part Number	Description	Mil	Units/Case	Weight/Case
250-X-00001	144 mm x 55 m-1yr UVI - White	7	8 rolls	25 lbs
250-X-00007	4" x 108'-2 yr UVI - Gray	6	12 rolls	16 lbs
250-X-00008	6" x 108'-2 yr UVI - Gray	6	8 Rolls	17 lbs

[Click Here for OPS Preservation Tape Infosheet](#)

Zerust® Inhibitor Fusion (ZIF) Tape

Zerust®/Excor® Inhibitor Fusion (ZIF) Tape delivers corrosion inhibitors to the surface of pipes under insulation. The ZIF tape is simply wrapped over the pipe to be protected, over the existing coating, prior to the installation of the thermal insulation. Once installed, the inhibitors are most effective when there is moisture present and therefore mitigate corrosion caused by condensation and high temperature flashing. The unique inhibitors are effective to temperatures up to 392°F (200°C). When moisture evaporates as the pipeline temperatures rise, the inhibitor is released to be redeposited under the silicone tape and in contact with the pipeline where it is dormant until the temperatures drop and moisture re-condenses.

[Click Here for ZIF Tape Infosheet](#)

Part Number	Description	Units/Case	Weight
250-F-00105	ZIF VCI Silicone Tape 2" x 36'	1 roll	.8 lbs

Why Choose Zerust®/Excor®?

In today's competitive global marketplace, your metal products must travel thousands of miles through aggressive atmospheres, extreme daily changes of humidity and temperature, and possibly extended storage before your customers ever see them.

Zerust® corrosion solutions will resolve your corrosion problems while increasing your company's profitability by reducing operating costs, increasing process yields, and enhancing your customers' satisfaction. In some regions of the world, Zerust® is also known as Excor® due to language differences.

Zerust®/Excor® field engineers on four continents use decades of accumulated applications experience to:

- Identify and resolve corrosion causes in processes.
- Eliminate unnecessary packaging and materials handling processes.
- Design optimal customer corrosion management solutions.
- Provide point-to-point customer service in over 70 countries.

Worldwide Zerust®/Excor® Technical Support

Our internationally recognized scientists and field engineers work closely with customers to design and implement comprehensive corrosion management systems. Then, Zerust® representatives worldwide provide on-site technical support to ensure the efficacy of these solutions. Zerust® applications engineers will assist with the on-site preparation and packaging of test shipments. At its destination, the shipment will be inspected and evaluated by a global Zerust® representative.

Laboratories and Test Facilities Across the Globe

The effectiveness of the proposed corrosion management system can be evaluated under extreme simulated climatic conditions in one of our many worldwide regional Zerust® technical support centers. Zerust® is a business unit of Northern Technologies International Corporation (NTIC). NTIC's management system is ISO 9001:2015 certified.

DECLARATION

This Data sheet and information it contains is considered to be accurate at the date of printing. No representation or warranty, expressed or implied is made as to the accuracy or completeness of the data and information contained in this publication. It is the User's obligation to evaluate and use products safely and within the scope advised in the data sheet and to comply with all applicable laws and regulations.

LIMITED WARRANTY

All statements, technical information and recommendations contained herein are based on validations and tests conducted by Northern Technologies International Corporation/Zerust® or its partners and are believed to be reliable, but the accuracy or completeness thereof is not guaranteed. We warrant our products will be free from defects when shipped to customer. Our obligation under this warranty shall be limited to replacement of product that proves to be defective. To obtain replacement product under this warranty, the customer must notify Northern Technologies International Corporation/Zerust® or its partners or agent of the claimed defect within 3 months after shipment of product to customer. Customer shall pay all freight charges for replacement products. We shall have no liability for any injury, loss or damage arising out of the use of or the inability to use the products. And any financial claims shall be limited to the value of the products sold.

Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. No representation or recommendation not contained herein shall have any force or effect unless in a written document signed by an officer of the company. The foregoing warranty is exclusive and in lieu of all other warranties, express, implied or statutory, including without limitation any implied warranty of merchantability or of fitness for a particular purpose. In no case shall Northern Technologies International Corporation/Zerust® be liable for incidental or consequential damages. For full warranty and disclaimer information visit, www.zerust.com/warranty.
